

# Schafhof – European Center for Art Upper Bavaria

## ARTIST-IN-RESIDENCE PROGRAM

### Mission statement

The Artist-in-Residence program (AIR) of the Schafhof – European Center for Art Upper Bavaria is open to artists from across Europe. The artists and their personal and artistic needs form the focal point of the artist-in-residence program.

The values of a borderless, open and free continent, a Europe of regions, are reflected in the program's purpose and meaning. Forming the main themes are the two poles of *technology* and *nature* as central pillars of a modern and sustainable community, which is fostered by the setting and facilities of the art center. The Schafhof is a public institution of the Bezirk Oberbayern – the District Council of Upper Bavaria.

### Premises

- 3 comfortable live-work studios: Two of these spaces feature living and work areas on two levels; the third space divides the living area and studio into two separate rooms. Each unit has a kitchenette as well as integrated bathroom/shower wall modules.
- Lounge & library space for meetings, relaxation, study
- Small workshop with tools for work with wood and metall
- Garden for artistic work and relaxation
- Wi-Fi is available in all rooms.

### We offer

- Apartment and studio for each artist
- 800 Euro stipend / artist / month (for material costs, travel, catering etc.)
- Travel expenses (
- Open studio presentations and adjoining programmes
- An exhibition for all participating artists at Schafhof in the following year

### Artistic fields

- Contemporary visual art, all genres.
- The programme is addressed to freelance and professional artists.

### Duration

1 – 3 months, depending on the agreement with the partner organisation

### Artists

Up to 3 residencies at the same time.

### Application

The AIR at Schafhof operates on the base on artist exchange projects with a partner institution outside Germany in an European country. Applications for a residency at the Schafhof need to be submitted to the partner organisation in the framework of an exchange project.
